

NOVA Limited Edition Dove Tile

Limited Edition Tile commemorates NOVA's 35 years and celebrates the organization's achievements and those who have played a part in its many successes.

Design exclusively for NOVA by Adam Zayas, head ceramist, and crafted by the Moravian Pottery and Tile Works in Doylestown, Bucks County.

The special edition 4 ½-inch-square Dove Tile is made of Bucks County terra cotta clay with a blue-glazed background and edges.

Each tile is hand-formed, glazed and fired using techniques similar to those developed over one hundred years ago by Henry C. Mercer, the Tile Works' founder and builder.

The tile represents peace, hope, and new possibilities for victims of sexual assault and other serious crimes.

The victims NOVA serves are a source of inspiration and continue to teach us the importance of living in a community filled with dignity, compassion, and respect.

The proceeds from the purchase of this tile will support NOVA in their work in assisting crime victims.
